Summit MC

John Simpkins

General Counsel, China, Jardine Matheson

John Simpkins is the General Counsel for Jardine Matheson in China and Chief Representative for Jardines in Shanghai. John joined Jardines in 2009 and has held various senior legal positions within the Group including at retail subsidiary, The Dairy Farm Group.

John joined the Jardines Shanghai office in 2019 where the team focuses on business expansion and portfolio management in the China market.

Welcome address

Ray Chisnall

Chair, The British Chamber of Commerce Shanghai

Ray Chisnall is Chair of the British Chamber of Commerce Shanghai and Regional Director (Asia Pacific) & Country Manager (China) at Gleeds.

In a career spanning 30 years, Ray has lived & worked in China for 20 of them and before Gleeds worked for ABB, Johnson Matthey and ICI. Ray sits on the Advisory Board of the University of Nottingham Ningbo Campus. Ray was co-author of the inaugural Position Paper on behalf of all four British Chambers in China and was part of the London outreach delegation presenting the Paper to the UK government and other stakeholders.

Chamber Pledge

James Dunn

Executive Director, The British Chamber of Commerce Shanghai

James graduated from University of Manchester in 2015 and began his career with the British Chamber in Shanghai as the Business Development Manager. James comes with a truly international perspective having worked in three different continents throughout his studies and has now lived in China for over 5 years. James has a vast amount of knowledge on how British business operates within the China market with an oversight of their operational challenges and the market access barriers.

James was made Executive Director in June 2019, and now oversees all Chamber's operations.

Speaker

13:40 - 13:55

Elevating Corporate Ambition and Action to accelerate the Paris Agreement and Sustainable Development Goals (SDGs)

Meng Liu

Head of China Office, United Nations Global Compact

Ms. Meng Liu is the Head of China Office with the United Nations Global Compact. Prior to this role, Meng serves as Asia Pacific Head, overseeing over 15 country networks and operations across the region. Before joining the United Nations in 2007, Ms. Liu has worked for the non-profit and public sector across the US and in Asia. She was a fellow on Asian public policy with Harvard Kennedy School and book author of "Responsibility Changes the World-UN Global Compact Leading Business Revolution Worldwide". Ms. Liu speaks regularly at global and regional conferences on the topics of corporate social responsibility, inclusive business, climate change, cross-sector partnership and the UN Sustainable Development Goals. Ms. Liu has been honored as a Young Global Leader by the World Economic Forum in 2015 and nominated as the Local Chair for China for Young Global Leaders Communities in 2021. She also sits on Global Future Council on Frontier Risks as a member since 2020.

Speaker

13:55 - 14:00

Nigel Topping

COP26 High Level Champion

Nigel Topping was appointed by the UK Government as its High Level Climate Action Champion in January 2020.

High Level Climate Action Champion role is the bridge between the Presidency and the Parties (national governments) and non state actors – businesses, investors, cities and other sub national governments, and civil society. The High Level Climate Action Champion has a global remit and has established the Race to Zero campaign to get all actors to commit to net zero.

The Champion role was created in 2015 at the climate talks in Paris and is held for two years. Mr Topping is working alongside the Chilean COP25 High Level Climate Action Champion, Gonzalo Muñoz.

Mr Topping was most recently CEO of We Mean Business, and brings valuable expertise from 18 years in the private sector, having worked across the world in emerging markets and manufacturing.

Speaker

14:00 - 14:10

Sustainability and COP26

Chris Wood

British Consul-General Shanghai

Born in Wolverhampton, Chris graduated from the University of Cambridge in 1981 and joined the Foreign and Commonwealth Office (FCO). Previous roles with the FCO include as HM Consul-General Guangzhou (2003-6); Minister and Deputy Head of Mission at the British Embassy in Beijing (2008-12); and Director, British Trade and Cultural Office in Taipei (2013-16). Prior to his current role, Chris was Deputy Head, EU Delegation to China for the European External Action Service. Chris has also worked at the Cabinet Office and the Department of the Environment (from May 1997 Department of the Environment, Transport & the Regions).

Moderator

14:10 - 14:50

How to create and maintain a sustainable business?

Daisy Shen

Partner, Deal Advisory, KPMG China

Daisy leads KPMG China's energy related M&A projects. She has over 20 years' experience with KPMG, including four years' secondment to KPMG's Energy Centre of Excellence in London. Daisy is specialized in oil and gas, renewable energy, infrastructure related investment, providing Financial Advisory, Deal Strategy, Due diligence, Valuation and Negotiation support in deals covering more than 20 countries around the globe. Daisy has been a member of the Executive Committee of British Chamber in China since 2018, dedicated in promoting trade, investment and economic development between China and the UK.

He is now coordinating the strategic development of the smart energy sector of Towngas Energy of Henderson Land Group, focusing on the construction of national zero-carbon city demonstration zone, company-level strategic cooperation, and the construction of energy industry ecosystem.

Speaker

14:50 - 15:20

From risk to opportunity: how ESG compliance can make or break a business

Rosie Hawes

Partner, Control Risks

Rosie Hawes is a Partner in Control Risks' Compliance, Forensics and Intelligence practice in Greater China and North Asia. In this role, she leads a team of consultants in advising clients in areas of business intelligence, pre-transaction due diligence and reactive investigations. Rosie has almost 20 years' experience advising clients in how best to create responsible businesses through making informed decisions impacting their supply chain and market reputation.

Rosie is a member of the Association of Certified Fraud Examiners (CFE). She is a GRI Certified Sustainability Professional and has an MBA (China) from Jiaotong University. Rosie speaks native English, fluent Russian and is currently studying Mandarin.

Speaker

14:50 - 15:20

From risk to opportunity: how ESG compliance can make or break a business

Alex Roberts

Counsel, Linklaters LLP

Alex Roberts has been working in Shanghai with British-headquartered law firm, Linklaters LLP, since 2012 and previously studied and worked in Beijing (first in 2005). Alex advises on cross-border commercial and technology transactions, as well as cybersecurity and data protection regulation. From supply chains in healthcare M&A and digital collaborations to the ethics of using AI in automated decision-making in financial services, Alex's legal and regulatory experience in transaction due diligence and operational risk management has become increasingly intertwined with investor and other stakeholders' focus on sustainability and ESG issues in China and the wider Asia region.

Speaker

15:35 - 15:55

China's carbon emission trading system and trading market

Yao Zhang

Deputy Director, National Carbon Market Operation Center, Shanghai Environment and Energy Exchange

Since joining the Shanghai Environment and Energy Exchange, Yao Zhang has served as the head of the Marketing Department and the R&D Department, and has experience in the development of pilot carbon markets and the exploration of innovation in carbon market-related fields. Her main research projects include "Research on the Roadmap for the Development of National Carbon Market Trading Products", "Research on the Price Formation Mechanism of National Carbon Market", "Research on the Effectiveness of China's Seven Pilot Carbon Trading Markets", "Research on the Development Strategy of Dalian Carbon Finance", "Construction of Phase I of Shanghai Carbon Inclusion Platform" and many other projects.

Moderator

15:55 - 16:35

Net Zero Carbon and the Circular Economy in China (SDG 13)

Mattie Bekink

China Director, The Economist Corporate Network

Mattie Bekink is responsible for the Economist Corporate Network's China strategy, including programme development and client servicing across China. She also provides support to all Economist Corporate Network programmes worldwide with a China component.

Ms Bekink has extensive experience in the public, private and policy sectors. Prior to joining The Economist Group, she was the Executive Director of the Fulbright Commission in the Netherlands. She also ran an eponymous consulting business, advising senior executives from businesses, universities and non-profit organisations on China policy, strategy, public affairs, and corporate social responsibility. Ms Bekink practiced law at Skadden, Arps, Slate, Meagher & Flom LLP, has worked with the US-Asia Law Initiative at NYU Law School and the American Bar Association Rule of Law Initiative China Program, and served in the legal department at General Motors China.

Ms Bekink has a BA in International Relations from Stanford University and a JD from the Georgetown University Law Center.

Panelist

15:55 – 16:35

Net Zero Carbon and the Circular Economy in China (SDG 13)

Dr Nanqing Jiang

Secretary-General, Committee of Green Circular and Inclusive Development of All-China Environment Federation (CGCI-ACEF)

Dr Jiang joined a start-up company – Green Inclusive Internet Technology – in 2020 as the President with the mission to set up the internet platform to standardize the carbon reduction of consumers and businesses. It is the first kind in China with the collaboration with the Ministry of Ecology and Environment and private sectors. She works in the innovative field to use blockchain and big data technology to provide solutions on carbon reduction on individual, business and city levels, specifically from the consumption side. In October 2020, she set up the Committee of Green Circular and Inclusive Development of All-China Environment Federation (CGCI-ACEF) and serves as the Secretary-General, with several working groups of the standard of carbon reduction scenarios and circular economy.

Dr Jiang holds PhD in Ecology studied at Wageningen University. She has the broad and mixed experience and expertise in the field of environmental sustainability development and policy. It includes 10 years national officer role at United Nations Environment Programme (UNEP) China (2008-2018); two years Secretary-General role of China Plastics Reuse and Recycling Association (CPRRA) (2018-2020), during which she took CPRRA as the first China Sectoral Association to join Global Commitment raised by Ellen MacArthur Foundation and UNEP of “New Plastics Economy” in late 2018.

Dr Jiang took efforts in taking the recycling sector of China to be aligned with branding companies and upstream of polymer companies for a close loop. She serves as the consultant of EU-China Environmental Policy and Circular Economy Dialogue, ADB, World Bank, WWF International on Plastics projects and reports. She was invited by China Delegation to WTO to attend the first WTO event on plastic pollution, she was invited by the EU to attend EU Circular Economy. She is a member of the P&G Sustainable Development Committee.

Panelist

15:55 – 16:35

Net Zero Carbon and the Circular Economy in China (SDG 13)

Fei Li

Associate China Director, CDP

Fei Li is the Associate China Director of CDP and currently leading all CDP's activities in China. Since he joined CDP in 2017, Fei Li has been working to raise the awareness and management capacity of Chinese companies towards environmental risks. Also, he has explored how to use green finance mechanism to incentivize Chinese companies to introduce environmentally friendly supply chain policies and promote sustainable procurement practices. Prior to joining CDP, Fei Li served various organizations of United Nations. He contributed to the implementation of Green Jobs Project in ILO's Asia Pacific Region. Later, he was responsible for grants approval and management for the Global Environment Facility Small Grants Program in UNDP China Office. Fei Li graduated from Michigan Tech University with dual master's degrees in Environmental and Energy Policy and Applied Nature Resource Economics. He published articles in Energy Strategy Reviews and other International and Chinese journals on renewable energy and carbon emissions trading.

Panelist

15:55 – 16:35

Net Zero Carbon and the Circular Economy in China (SDG 13)

Shutong Liu

Founder, MotionECO

Shutong graduated from VU University Amsterdam, has a master degree in Environment & Energy Management Studies. Before coming back to China in 2015, He lived in the Netherlands for 9 years. Shutong has a great passion for Environmental and renewable energy. He used to work in the CSR department of the logistics company TNT, responsible for the global Electric Vehicle project, he also worked in solar energy projects. After his master study, he joined SkyNRG- the world first Bio jet fuel provider, supplied KLM with bio-jet fuel made from “used cooking oil”. As the Asian business development manager, he used to ship a large volume of the Used cooking oil from Asia to the EU to produce Biofuel. When he found out about the problem of used cooking oil in China, he decided to move back to China to solve this problem. In 2015, Shutong founded MotionECO, a company focus on providing sustainable transportation. Working on promoting low carbon fuels in China, including projects that convert the local used cooking oil into biofuel to be used in local buses and logistic fleets, which help to solve the food safety and environmental problems.

- Shutong is a fellow of Harvard SEED for social innovation
- 2019 DBS Foundation social entrepreneur awards
- 2018 UNEP Low-Carbon Lifestyles Challenge
- 2017 Forbes China 30 under 30
- 2017 CSA Climate Strategic Accelerator finalist
- 2016 Winner of The Venture global social Entrepreneurship competition China area
- 2016 SEE Foundation Green Entrepreneur
- 2016 Aiyu Foundation social entrepreneur partners

The impact of fashion has on the environment and what fashion businesses are doing to tackle those issues

Stephanie Lawson

Designer & Sustainable Fashion Specialist, Founder of Zodiac Active

Shanghai-based Stephanie Lawson has been working in Hong Kong & Mainland China for the past 11 years. She has designed product for brands including Only China, H&M, JCPenney, Walmart, Macy's, Tread, Karen Walker and founded her own denim athleisure brand Zodiac Active which focuses on 'slow' design, functionality and ethical sourcing. Under the moniker 'Laws On Design' she now wears many hats; lecturing at DeTao Academy (Shanghai Institute of Visual Arts), teaching up-cycling workshops, freelance journalism, consulting & design projects, all with a focus on sustainable design practice.

Panelist

17:45 - 18:20

The impact of fashion has on the environment and what fashion businesses are doing to tackle those issues

Itee Soni

Co-Founder, Loop Swim

Itee Soni is the co-founder of Loop Swim. She arrived in Shanghai in 2007 from New Delhi, where she designed for UK high-street brands Karen Millen, Paul Smith and Whistles. An honour graduate of India's premier design university, NIFT (National Institute of Fashion Technology), she specialises in womenswear, textile, graphic and experiential design and creates Loop's original signature prints, styles and graphics.

In 2010, she co-founded FINCH Designs along with Heather Kaye with the goal of upending the most unsustainable aspects of the fashion industry: fast fashion cycles, body negativity, throw-away quality and environmentally damaging raw materials.

In April 2019, FINCH Designs became Loop Swim, focusing on eco-swimwear made exclusively from Repreve recycled PET plastic bottles. Loop swimwear is responsibly made in China, and retails globally with value-aligned hotel, resort and specialty boutique partners. Recognized for their timeless, singular textile prints, Loop Swim has become the premium resource for the eco-conscious global traveller and a key player in raising ocean plastic pollution awareness.

Itee's other passions are holistic wellness, yoga and Reiki and she combines these with her love of good design as a coach and mentor for educators and middle-school kids.

WORKING TOGETHER WITH MEMBERS AND KEY STAKEHOLDERS TO CHAMPION GLOBAL FINANCE

Jersey: An ESG focussed International Finance Centre

The rise of ESG investing has been a key feature across markets in recent years, with ESG assets globally forecast to exceed US\$150 trillion by 2034. With studies showing that Asian investors are embracing the trend, centres like Jersey that can offer specialist ESG expertise are in high demand.

Supporting Chinese Investors

The links between Asia and Jersey have traditionally been strong, with Jersey acting as a conduit for investment into the UK for investors in Asia.

With more investors in China exploring alternative investments and given Jersey's strengths in this space - Jersey currently services more than \$500bn of fund assets - there has been a natural gravitation for Asian fund managers to turn to Jersey for expert support.

Investors want to see clear policy, robust regulation and good underlying governance in place from their domiciles. Jersey ticks those boxes.

Focus on Sustainability

Sustainable finance has become a strategic priority in recent years and the impact of COVID-19 has placed ESG thinking into sharper focus.

Jersey has already been supporting ESG investment for a number of years and this renewed focus on ESG means it is now proving even more attractive to Chinese investors.

Reinforcing that, Jersey Finance launched a new long-term sustainability strategy this year aimed at positioning Jersey as a leading centre for sustainable finance.

About Jersey

Reliability, political and economic stability, and a sophisticated and comprehensive infrastructure of laws have kept Jersey at the forefront of global finance for more than 60 years.

Investors in China can be reassured that, as they grasp opportunities in the ESG arena, they can rely on Jersey's commitment to the cause to help them meet their strategic ambitions.

Find out more about the vision of Jersey as a centre for sustainable finance and subscribe to our sustainable finance podcasts on our website.

Advancing Sustainability to Save our Planet and Business

践行ESG理念， 助力可持续发展

To drive sustainable change in the marketplace and within the firm, we set up the ESG and IMPACT committee to oversee and steer the strategic development and operations of ESG in China and stay aligned with our global initiative, KPMG IMPACT. We will focus on building trust and delivering growth with purpose—bringing the best of KPMG to help our clients so all our communities can thrive and prosper.

为了推动市场和公司内部在可持续发展方面的变革，毕马威中国成立了ESG及IMPACT委员会，负责监督和指导公司ESG的战略发展和运营，并与其全球影响力计划保持一致。毕马威承诺增加共融性和多元性，推动客户和利益相关者的可持续增长。
